AARAV MEHTA

Senior Data Scientist
Email: aarav.mehta@example.com | Phone: +91 90000 00001 | Location: Bengaluru, India

SUMMARY

Data scientist with 7 years of experience building and deploying machine learning models for credit risk and customer analytics. He has led a team of 4 analysts and puts his models into production on AWS.

SKILLS

Languages: Python, SQL
Machine Learning: Machine Learning, Scikit-learn, XGBoost, TensorFlow, NLP
Big Data and Cloud: Apache Spark, AWS (S3, SageMaker, EMR), Airflow, Docker
Analytics: Statistics, A/B Testing, Pandas, Tableau

EXPERIENCE

Senior Data Scientist | FinEdge Analytics, Bengaluru | Jun 2021 - Present

- Built credit-risk models using XGBoost and scikit-learn that cut the loan default rate by 12%.
- Processed 200M+ row datasets with Apache Spark on AWS EMR.
- Deployed models as REST services on AWS SageMaker using Docker and Airflow pipelines.
- Mentored 4 junior analysts and presented results to senior leadership.

Data Analyst | BrightCart, Pune | Jul 2019 - May 2021

- Wrote complex SQL queries to analyze customer behavior for 2M users.
- Built a churn prediction model in Python (scikit-learn), improving retention campaign targeting by 18%.
- Designed Tableau dashboards used daily by the marketing team.

EDUCATION

M.Tech in Data Science | IIT Example, 2019
B.Tech in Computer Science | State Technical University, 2017

CERTIFICATIONS

AWS Certified Machine Learning - Specialty (2022)
